Renewed hope for beach hut owners as council committee asks for review

SEATON and Beer beach hut tenants were given renewed hope when a district council committee opposed proposed changes.

East Devon District Council (EDDC) wants to rip up current deals and auction five-year beach hut leases on the open market instead. But its own Scrutiny Committee is not singing from the same hymn sheet, demanding a review of various aspects.

The Scrutiny Committee also says there is no such thing as a one-size-fits-all approach, instead recommending that each location with beach huts should be treated on its own merits. Affected locations include Sidmouth, Exmouth and Budleigh Salterton, as well as Seaton and Beer.

The committee met on September 17th, and the matter was debated for more than two hours.

An EDDC spokesperson said: "Although no decision has been made following consultation on EDDC's beach hut proposals, growing public concern in the areas affected prompted the Scrutiny Committee's decision to review both the proposals and the consultation."

A wide cross-section of councillors, as well as members of the public, addressed the committee and Scrutiny Committee chairman Councillor Roger Giles praised the sensible and open manner in which the meeting was conducted.

He said: "In view of the emotive subject being discussed, I am delighted that the meeting produced so many useful and practical recommendations."

Scrutiny Committee members resolved to endorse the decision made by EDDC's Cabinet in January that all beach hut tenants should be responsible for their own National Non Domestic Rates payments, where

appropriate. The committee also wants to keep a watching brief on the beach huts and site proposals and has requested a progress report by March 2016.

Having paid close attention to the concerns raised by ward members and public at the meeting, the Scrutiny Committee also made the following recommendations to Cabinet, which will be assessed and included in a further report about the consultation and the future of the beach huts/sites, which will go before Cabinet in the autumn:

- Consider the requirements of all the community in line with equalities legislation in considering any proposals relating to beach huts;
- Consider the validity of waiting lists for beach

huts and sites and to review their management;

- Confirm to tenants of beach huts and sites that the current arrangements will remain in place for 2016;
- Ensure an annual review of hire charges for beach huts and sites be put in place;
- Review its decision to establish an annual £19,000 sinking fund;
- Give consideration to the difference between town and parish locations in relation to equality and best value requirements;
- Give consideration to further discussions with town and parish councils on the options of undertaking the management of beach huts;
- Give consideration to increasing the number of available beach hut sites and to review more diverse letting arrangements;
- Give consideration to wider environment and economic issues when bringing forward any proposals.

Councillor Giles added: "I am pleased that the meet-

ing proved so positive and that we were able to hear from such a broad cross-section of public and ward members.

"It is crucial that the public's concerns are heard, particularly when such a sensitive issue is at stake, and it underlines the role that the Scrutiny Committee has to play in the process of deciding the best way forward for these council-owned assets.

"Members were especially concerned that the different areas where the beach huts are situated should be addressed separately. They are all individual sites with different requirements and cannot be just lumped together.

"We are also keen to see that equalities concerns are addressed. For elderly or disabled people on limited incomes, the cost of installing and dismantling beach huts each season could have a significant impact on them and we do not want to see any sections of the community disadvantaged.

"We also need to listen to what town and parish councils would like to achieve, although careful consideration needs to be given to the implications of offering management of the beach huts/sites to them,

■ VOLUNTEER beach cleaners were greeted by sunshine when they arrived at the shore in Seaton. The annual Marine Conservation Society (MCS) Beachwatch Big Weekend, managed locally by Axe Vale & District Conservation Society, saw the volunteers do a comprehensive litter pick, recording what types of rubbish were found. The information will be passed on to MCS, which will produce a UK-wide report. Photographed are volunteers before getting their hands dirty.

County 'didn't have guts' to take hospital decision to minister

COUNCILLOR Andrew Moulding says a county council committee didn't have "the balls" to refer the hospital bed closure in Axminster and other Devon towns to the Secretary of State for Health.

Instead it will launch a task group investigation into NEW Devon Clinical Commissioning Group's decision to close the beds.

Devon County Council's Health and Wellbeing Scrutiny Committee reviews the implementation of NHS policies and can make reports and recommendations to the Secretary of State for Health.

Councillor Moulding was allowed to speak at the start of the meeting on September 14th because he is a county ward member for Axminster.

In a passionate speech, Councillor Moulding said: "Can I start by repeating the views held strongly by the people of Axminster that this decision is premature in advance of the proposed new contract for the provision of healthcare services.

"Having set up the stakeholder group and engaged with the community, why then dismiss its submission out of hand?

"This does not augur well for the future when it will be imperative that NEW Devon CCG gains community support for its future plans."

"We certainly don't have support for these decisions from the GPs of Axminster.

"It was recommended that before any changes, there should be a study to provide the evidence. This has not been carried out.

"Yes, we had the engagement but nothing we said, or Sir John Evans' report said, has been listened to, and patient choice has been totally disregarded."

Former Axminster Mayor, Councillor Jeremy Walden, said: "It's unbelievable they didn't have the guts to do it [involve the Secretary of State]. Bureaucracy and faffing around isn't helping anyone. People are dying unnecessarily, I think it is criminal."

From the editor's chair More police cuts on the way

A BOBBY on the beat is a rare sight these days – and in South Somerset it's going to get rarer.

Further cuts in funding the police force in Somerset and Avon could lead to a huge drop in the number of police officers being deployed by the constabulary.

Cuts of £58 million have already led to a loss of 600 officers and an expected further reduction in funding of £25 million is on the cards which could see another 300 crime fighters disappear.

Avon and Somerset Police Crime Commissioner Sue Mountstevens warns that changes in how the police force is funded, the cause of the budget reduction, could have "disastrous consequences" for fighting crime in our South Somerset towns.

Devon's Police and Crime Commissioner Tony Hogg is fighting a similar battle. Last week he handed in a 8,569-strong signature petition to No 10 Downing Street demanding

fairer funding for Devon and Cornwall.

Tony Hogg is concerned that if proposals are accepted large rural forces will lose millions of pounds – with up to £24m being lost from the Devon and Cornwall's budget.

The names had been collected over a six week period and together form the biggest ever single public consultation into policing issues in Devon and Cornwall – and the biggest nationally by a PCC.

I'm not a great admirer of the police commissioner role – I'm not sure they make a difference – but they seem to be taking the fight to the corridors of power.

We are lucky to live in a relatively low crime area and one can see the sense of putting more resources into the urban areas where serious crime is a daily occurrence.

But don't we all deserve to sleep soundly at in our beds at night?

COLYTON

Neighbourhood Plan meeting sparks debate on democracy

COLYTON residents have questioned the parish council's method of setting up a steering group to take forward its Neighbourhood Plan, with one describing it as "undemocratic".

A public meeting held for residents to find out more about the benefits and process of setting up a Neighbourhood Plan – a community-led planning document which will influence development in the area up to 2026 – descended into argument on Wednesday evening.

Colyton resident Richard Thorp said the parish council had acted "undemocratically" by choosing parish councillor Caroline Collier as chairman for a steering group that had not yet been elected.

Residents also complained that they had been led to believe that membership of the steering group, made up of councillors and volunteers from the community, would be finalised that night, but councillors insisted that a second public meeting would have to be held for members to be elected.

HONITON

Concerns over plans to 'privatise' library

HONITON Library users have expressed fresh concerns about Devon County Council's plan to turn the public library service into a mutual company.

Work is underway to establish a staff and community-owned "mutual" which would run libraries on DCC's behalf from April 2016.

But the decision has been met with trepidation by library users in the area and at a meeting hosted by Honiton Senior Voice, members of Honiton and Axminster public libraries agreed to raise their concerns to local MP Neil Parish.

They also agreed to invite other library user groups to a public meeting at Honiton Methodist Hall at 2pm on October 22nd.

Honiton Senior Voice chairman, Vic Bowsher OBE said: "We understand the council is suffering from the impact of government cuts, but we do not think there has been sufficient public consultation on these plans which will basically privatise our library service.

There are already community pilot schemes for libraries in Colyton and Ottery St Mary.

Police funding changes could result in £15m cut for local force

AVON and Somerset could face a huge additional cut to its police service if government plans to change the way it allocates funding goes ahead.

In July the government announced that it would be consulting on the formula it uses to allocate funding for policing. Based on the information provided so far, potential cuts to the money Avon and Somerset receives centrally are likely to be £15million a year, equivalent to 300 police officers. This is in addition to any potential reductions anticipated in the next Comprehensive Spending Review in November.

Avon and Somerset Police and Crime Commissioner Sue Mountstevens said: "This is about Avon and Somerset taxpayers' money going to other policing areas with none of the same demand that Avon and Somerset faces. The proposed new formula does not take into account crime demand and incidents and does not give enough importance to the population of an area.

"We've already made £58million of savings which means we've lost nearly 600 police officers. We know there are more cuts to come, at least £25million, but the proposed funding formula would be a new reduction on top of all of this and there could be disastrous consequences."

The police service in the UK is funded through a combination of government grant and money raised through local council tax.

Asbestos removed from Jurassic site

by Anders Larsson

A SMALL amount of asbestos has been removed from the Seaton Jurassic site.

Concerned residents told *Pulman's View* they had seen workers in hazardous material suits at the site recently.

East Devon District Council confirmed asbestos was involved, but says there is no cause for concern.

A spokesperson said on Monday, September 14th: "EDDC has recently undertaken the removal of approximately one bucket (the size of an average kitchen bucket) of low grade asbestos from the gardens area adjacent to the main Seaton Jurassic building.

"The public was NOT at risk from this removal

work, which was being carried out safely and under expert supervision by Shield Environmental, in accordance with the method statement provided by them.

"The protective clothing worn by the workmen involved in this task was simply a precaution.

"All the asbestos has now been removed from site by Shield for disposal by them in the correct manner.

"A certificate of re-occupation has been issued and we can confirm that there will be no risk in the future to the general public from the excavation works."

District council says office relocation is about improving, not just moving

"IT'S not just about moving, it's also about improving" is the statement of intent from the ruling Conservative group of East Devon District Council, as the relocation from the Knowle gathers momentum.

EDDC leader, Councillor Paul Diviani, is urging residents to take part in a consultation exercise ahead of the move from the Sidmouth HQ to new offices in Honiton and a refurbished space in Exmouth.

Residents and other interested groups are being invited by the district council to fill in a questionnaire over the coming weeks. The 16-question survey is aiming to give the council a clearer picture of what services need to be provided at the two new locations and how people can access those services.

This includes information that could influence the design and layout of the accommodation, access and car parking as well as useful data about how many people would prefer to contact the council by phone, email or online. The survey will also ask people how often they tend to visit the council, which services they use now and which services they think they will want to access in the future.

Councillor Diviani said: "It's really important that we get the best possible bang for buck from this move, both for the sake of our customers - the council tax payers of East Devon - and for the benefit of the local businesses, our staff and elected members."

EDDC's cabinet meeting on September 9th, heard that arrangements to deliver the "Moving and Improving" project were gaining pace and that progress was being made with the sale of the Knowle, proposals to preserve the parkland and plans for two new locations.

The questionnaire will be sent to 3,000 randomly selected households across the entirety of East Devon, and will help the team working on the relocation project to ensure the council and its customers get the best possible value from the move and from the transformation process that runs alongside it.

The consultation follows on from the council's controversial decision earlier this year to sell Knowle for redevelopment and move to the two al-

ternative sites with around two-thirds of the desk space on land that EDDC already owns at Honiton and one third at Exmouth Town Hall, where rooms have been vacated by Devon County Council.

In March, the full council voted to pursue negotiations with the preferred bidder, Pegasus Life Ltd, a specialist provider of residential developments offering retirement and assisted living facilities, who propose to develop just under two hectares of the site. Around three and a half hectares of the remaining parkland is being offered to Sidmouth Town Council to own and manage in perpetuity.

Cars damaged in Mead Way

TWO cars, parked in Mead Way in Seaton, were damaged by what might have been a corrosive liquid.

The damage was done at some point over the weekend of September 5th and 6th, and a police spokesperson said: "An unknown liquid was poured onto the vehicles.

"The first vehicle was a silver Ford Escort and the other a blue Rover, both of which were parked on the road outside the owners' homes.

"People who may have witnessed the offence or are able to provide any information concerning it are asked to make contact via 101 or Crimestoppers on 0800 555111, quoting crime reference number CR/062512/15."

Pumpkin show

PREPARATIONS are underway for the Beer Pumpkin Show, which will go ahead on Saturday, September 26th at Beer Social Club from 8pm.

There is a grand auction of produce and various donated items with proceeds going to local Beer charities.

Organisers Kim and Jayne Aplin said: "Everyone is welcome to come and enter vegetables or decorated vegetables.

"We have classes for heaviest pumpkins, heaviest marrows, four heaviest onions, and best shaped pumpkin.

"There is a competition for decorated vegetables. There are two age groups - six and under and seven and over.

"Adults may enter if they wish. All entries are to be at Beer Social Club by 4pm on the day for judging."

The club will be open to receive entries from 10am onwards. For more information telephone 01297 21955.

People wishing to obtain a pumpkin for parties or soup can come to the club on the evening or 10am-12 noon on the Sunday and acquire one for a donation.

Beach hut issue a 'delicate balance'

■ CONTINUED FROM FRONT PAGE

as it is a both complex and time-consuming task."

Councillor Philip Skinner, who attended the meeting in his capacity as EDDC's economy portfolio holder, said: "I would particularly like to thank Councillor Geoff Pook for all his hard work on the beach hut proposals. As a cabinet member (without portfolio), Geoff has been tasked with asset management and he has worked closely with the coastal communities in trying to pursue a fair and balanced approach that meets all levels of need.

"It is an extremely delicate balance that we must strive to achieve between making sure that we don't price people out of renting a site and at the same time creating best value from our assets - particularly in view of the cutbacks we are facing."

Local surgeries highly rated

GP SURGERIES in the NEW Devon Clinical Commissioning Group area have generally more satisfied patients than the national average, according to a national survey.

More than 15,000 people who use GP services responded to the national GP patient survey. They were asked about their overall experience of visiting their GP, access to GP services, making an appointment, opening hours, out-of-hours services and more.

GP surgeries in the NEW Devon CCG area scored particularly well for overall patient experience, with 91 per cent of respondents saying it was good or very good (the national average being 85 per cent).

Dr Tim Burke, chairman of NHS NEW Devon CCG, said: "The GP patient survey results are fantastic

news for the CCG and its member practices.

"Our patients are our top priority, so their opinion is what really matters when we are looking at the quality of care we offer.

"It's a challenging time for the local health economy, but these results show that our local GPs and staff at the surgeries continue to provide good quality care and a great service."

Key results include: Overall experience of GP surgery: 91 per cent good or very good, against a national average of 85 per cent. Ease of getting through to GP surgery on the phone: 81 per cent good or very good, against a national average of 71 per cent. Helpfulness of receptionists: 91 per cent very helpful or fairly helpful, against a national average of 87 per cent.

Green-fingered tenants excel in council garden competition

THE results of the annual East Devon Tenants Garden Competition 2015 were recently celebrated at a prizegiving tea in the council chamber at East Devon District Council's offices at Knowle, Sidmouth, attended by East Devon councillors, Housing Service officers, sponsors, prizewinners and the competition's judge, horticultural consultant Kieron Bewes.

The Tenants Garden Competition is an increasingly popular event, organised each year by the Tenant Participation team in Housing Services at East Devon

District Council. This year, there were 49 entries – two more than in 2014 – and the organisers were delighted to welcome 11 first time entries.

Kieron Bewes used the Royal Horticultural Society's judging method once again against which 18 entrants obtained a Gold level, which is an exceptionally high standard to reach.

Councillor Jill Elson, Portfolio holder for sustainable homes and communities at East Devon District Council, said: "Once again, the tenants of East Devon District Council have excelled themselves

such a success. Our Tenant Participation team work extremely hard to make it happen. So well done everyone and we hope to see you all again in 2016."

Kieron Bewes, Councillor Jill Elson and Councillor Pauline Stott together with sponsors Mark Vernon, his wife Lee and Ph Tucker of Skinners Construction presented certificates and prizes, which included spring bulbs to plant next year.

WINNERS

The overall competition winners were Mr and Mrs Burton of Seaton, who also won Gold in the Back Garden category.

Other winners included: Mrs Anderton of Axminster, Best Front Garden; Mr & Mrs Collins of Newton Poppleford, Best Disabled Garden; Mr Davis of Axminster, Best Containers & Hanging Baskets; Mr & Mrs Fowler of Luppitt, Best Vegetable Garden; Residents of Manor Close, Seaton, Best Communal & Friends Together; Mr D, Mrs R & Mr P Glanville of Talaton, Best Overall Garden; Mr Salter of Ottery Saint Mary, Best Recycled/Organic Garden.

Sister Act success for Testudo

IT had been a few years since my last visit to see the Testudo musical players in action and I was really pleased to note that they still boast a wealth of young performers.

This year's production, the musical Sister Act was a real test of the depth of the group, but along with, shall we say, the more seasoned cast members, they provided the perfect mix in this upbeat and joyful show.

The musical is based on the 1992 film of the same name and follows Deloris, a night club singer who is witness to a murder and has to take refuge, posing as a nun to escape the repercussions. This felt like a real celebration of local theatre and as a large part of the action takes place in the Abbey, the audience really became part of the congregation.

Leading the proceedings was Lauren Weber who played Deloris, the hapless heroine who doesn't ever quite understand the gravity of her predicament. Weber is masterful on stage with a

Sister Act Testudo Players The Gateway, Seaton

ous postulate Sister Mary Roberts, contributed much of the comedy content. Chapman was a real diamond in this role, never once letting her characterisation flounder and providing the evening's musical highlight with her terrifically touching The Life I Never Led. They were often put in their place by the wonderfully ascorbic Sister Mary Lazarus, Liz Redston whose icy disposition gradually thawed until she was just cool enough to get down and rap her approval. More holy hollering was given by Monsignor O'Hara, Mark Mills Durston, Sister Mary Martin-of-tours, Mary Bowles, Sister Mary Theresa, Jill Chaply and the rest of the ensemble, with rousing harmonies and snappy unanimous movement.

Police Detective 'Sweaty' Eddie, Joe Sutherland gave the story its romance, finally winning Deloris by the close. With a sensitive portrayal, great voice and engaging presence Sutherland showed he is a performer to watch out for in the future.

Ultimate baddy

At the opposite end of the spectrum Ben Malone as Curtis was the ultimate baddy. Sharp suit steely stare and shivering vocal, his When I Find My Baby with his stooges Tj, John Kryulko, Joey, Mark Usher and Pablo, Cai Sutherland was hilarious. A special mention must go to Cai Sutherland, who not only looked every inch the part, but also did an admirable job of delivering his lines, most of which were in Portuguese.

Other support was ably provided by Caraleigh Bradley and Fran Mills Durston as the night club backing singers, Michelle and Tina, who although only had small roles, made a big impression from the outset. The same can be said for Adam Tedbury who played multiple cameos, but most notably an un-comely, busty broad in the chase sequence.

The band under the baton of Mick Redston provided just enough of a soulful serenade without interfering or overpowering the on-stage performers and the back cloths from Border Studios were simply glorious, particularly in their depictions of the stained glass windows of the Abbey.

If you are sad you missed this show, all is not lost. Another local society, Lyme Regis Musical Theatre will be staging their version of Sister Act in May 2016.

Tasked with teaching Deloris some humility was Mother Superior, Vanessa Cross, whose stage expertise and clear pure voice made for a skilled performance which included a simply heavenly rendition of Here Within these Walls in Act one.

■ AXMINSTER artist and president of Axminster Art Society, Lynda White, will exhibit work inspired by Woodbury Lane at Lyme Regis Artsfest.

This year's Artsfest theme is 'In Transition' and Lynda is exploring changes in her immediate environment.

Lynda's exhibit, 'Herbarium: Woodbury Lane, April-August', consists of 102 acrylic cases with pressed specimens of plant material collected from the lane during the five-month period.

She said: "I wanted to freeze-frame the remarkable

variety of plant forms and show the transition from spring blooms through to the grasses seed pods of late summer."

Her work will be on display in the Malthouse, Town Mill Galleries, from September 19th-27th.

Plans could bring new lease of life to former Woolworths building

THE former Woolworths building in Seaton can play its part in the town's regeneration after planning permission for a new lease of life was given.

Planning permission has been given for two retail units at ground floor level, with five apartments above, including second and third floor extensions over the existing rear wing.

The Marine Place building was sold at auction for £285,000 last October, far exceeding the guide price of £225,000 to £250,000.

Not looking its best today, the building forms part of the late 19th century development of Seaton when it established itself as a seaside resort.

In the planning application, applicant Cottam & Northcott Builders Ltd. of Seaton explained the building's history, saying: "The building originated as a two storey confectionery shop, but developed well over 100 years ago into the three-storey structure that exists today when an upper floor was created, reflecting the proportions and rhythm of buildings either side, opposite and predominantly throughout the town centre.

"Despite the insertion of a modern shop front by the Woolworth company, probably during the late 1940s, the building still retains its origi-

nal three-storey form."

The upper floors have been under-utilised for many years and the building as a whole has seen limited maintenance, becoming an eyesore.

The applicant said: "The proposal would intensify the existing retail use on the ground floor and introduce apart-

ments above, which would help to ensure that the building's fabric continues to be maintained.

"To render the scheme commercially viable, it would be necessary to increase the upper floor area of the building, which provides the opportunity to improve the visual relationship between the rear brick-faced addition and the more historic element of the building."

East Devon District Council approved the plans this month.

Carnival committee praises generosity of supporters

AXMINSTER Carnival organisers praised the generosity and the enthusiasm with which people approach the event.

Saturday's annual showpiece was held in perfect weather conditions and was a great spectacle, with Honiton-based K9CC and its Hero entry taking the top prize – The Beviss and Beckingsale Cup for best in procession.

The street collection on the night raised £1,625, with more to come from associated events.

A carnival spokesperson said: "The committee would like to thank everyone for their continued support of Axminster Carnival. We would especially like to acknowledge the long-standing support of Herbert's Fun Fair, and thank them for their generous donation.

"Thanks should also go to Scott Rowe Solicitors, Axminster, for sponsoring Axminster Carnival Queen.

"The enthusiasm with which people approach the carnival continues to be a source of great pride and we would like to thank all those who took part and everyone who attended for their generosity."

Committee member Geoff Enticott added: "Street Scene of East Devon District Council deserves praise. At 1am the town was a tip, then you come here at 8am and it is immaculate."

He also praised the team of carnival helpers organised by John Jeffery and Roger Critchard.

Police reported a trouble-free night, with no recorded carnival-related incidents. One man, however, approached *Pulman's View* on the night saying that the marshals of one float had pushed people out of the way, and that a complaint had been made to police. But a police spokesperson said on Monday morning that no complaint had been lodged.

Charity Clay Shoot at Widworthy Barton

ANOTHER successful Annual Conservative Charity Clay Shoot was held at Widworthy Barton, by kind permission of Thomas Kremer Esq. There were over 150 entries for the annual clay shoot organised by Colyton & Colyford Conservatives.

Two charities and the Conservative branch will benefit from the proceeds of the day – the two charities are Honiton Hospiscare and St Cuthbert's Church Widworthy.

Neil Parish MP (Tiverton and Honiton Constituency) said: "This was, once again, a really good event. I spoke to many of the participants and they much enjoyed the challenging course, this has become a regular part

of the local clay shooting circuit and I would like to thank all those that took part and those that organised the day."

The winner of the competition was Jason Turner with an excellent score of 46 / 50, the winner of the Junior Prize was Mark Monkhouse.

Simon Card, Colyton and Colyford Conservative Chairman, said "It was a splendid event and the weather was very good, although the bright sun provided a real challenge on some of the traps. We are delighted that we are able to support two local charities and have a really enjoyable day's sport. We had a wide range of guns participating with a good number of ladies

and younger people taking part during the day. I would like to thank in particular Joy Sneath and Christopher and Barbara Kimber for all they did in making this, now regular, clay shoot such a success."

There were three stand sponsors who each donated £50: Peter Lawrence of Andrewshayes Caravan & Storage Park, Mr Chard of Exeter Gun & Sport Shop, Heavitree, and Richard Clift of The Tunnel Target Sports Centre.

The Traps and Clays were provided courtesy of Four Seasons Gun Club and the event layout designed by Chris Spiller.

Bible found

A MAN is keen to reunite a bible with its rightful owner.

Hawchurch resident Dennis Dale found the bible, in special casing, in the roadside in Kilmington during the Bank Holiday weekend.

It is not just any bible, as Mr Dale says there are features inside suggesting it is of personal/sentimental value to someone.

He said: "It is definitely special. It must belong to someone."

He has contacted local churches and police without being able to find the owner.

Anyone who might know to whom the bible belongs is welcome to call Mr Dale on 01297 678602.

More than £600 raised for Devon churches

THIRTY-SEVEN people, aged from five to over 80 – along with nine dogs – led by Bryan Drew from the Five Alive Mission Community, set off on a sponsored walk from Yarcombe Church at 10.15am on Saturday, 12th September, to raise funds for the Devon Historic Churches Trust that helps with grants to maintain churches in Devon.

Twenty minutes into the walk, the heavens opened and they were all drenched, but the clouds soon disappeared and the sun and warm breeze dried them off.

They were well received at all the churches visited – Yarcombe, Stockland, Dalwood, Shute and Kilmington, and they took in the Loughwood and Whitford Chapels in the process.

The Rev'd Simon Holloway gave appropriate readings and prayers in each of these historic places of worship, and refreshments were kindly provided by helpers at all five of the main churches.

They had a warm welcome over a lunchtime break at the Tuckers Arms in Dalwood.

Obviously a few left the walk as nearly 14 miles was not an easy target, but the very impressive

thing was the way in which all the children performed magnificently and with great enthusiasm. If there had been a gold star award, it would have undoubtedly have gone to five-year-old Giles Burrough whose little legs kept him going to the end!

This effort by the walkers showed great spirit with 27 of them completing the whole course by 4.45 pm, only 3 minutes behind schedule thanks to meticulous planning by Bryan Drew.

Car fire at Yarcombe

A CAR caught fire on the A30 at Yarcombe just before 12 noon on Monday, September 14th.

Firefighters from Chard attended, and a spokesperson for the fire and rescue service said: "There was a small fire within the vehicle – which was in a dangerous position on the highway."

"Crews requested Devon County Highways attend due to an oil spill from the vehicle and to assist with traffic management.

"The cause of the fire was accidental."

Charmouth Primary School Open Day

AS EVER, it has been a busy time at Charmouth Primary School. The last academic year ended well with lots to celebrate! Our Key Stage One and Key Stage Two SATs results were not only above the national average but demonstrated yet more improvement compared with last year. Following our recent Ofsted Inspection, our school was judged as good, reflecting the hard work of our dedicated team and enthusiastic children.

However, education at Charmouth Primary School isn't just about tests and results. 'Beach School' is now well established and we have continued the new academic year, with weekly sessions. We are particularly privileged to be in such a fantastic location and with the proven positive outcomes that outside learning provides, we take every opportunity to extend our curriculum beyond the classroom. Last year, children enjoyed: cooking, shelter building, mapping, history, poetry and art, all on the beach!

The development of our preschool group, Barnacles, continues to be a priority. We look forward to involving the preschool children in Beach School and Wellie Walks in the local area. If you have a child who is due to start school in September 2016, they can join Barnacles this September. It is held on Monday afternoons from 1.10pm – 3.10pm and there is no charge for the sessions! Our Barnacles group provides a smooth transition to Primary School, helping the children to become confident in and around the school environment, and build positive

relationships with their peers and staff.

We are constantly developing and enriching our curriculum to provide our children with new and exciting experiences. Last year, children from all our classes took part in a day of professional recording to make their own CD, 'Funky Fossils'. Some of the children from Sharks class (Year 6) also created the artwork for the cover. Everyone engaged enthusiastically in the project and the children were extremely proud of the finished CD. This academic year, we are planning an art exhibition as part of our curriculum learning.

At Charmouth Primary School, our aim is for every child to become a confident, creative and independent learner, nurtured in a safe, caring and happy environment that promotes challenge and adventure.

Women's Institutes ROUND UP

ALL SAINTS

AUGUST was a busy time for the All Saints & District WI members.

There is usually no meeting in August, but this year there was a Centenary Tea to commemorate the One Hundred Years of WI. It was glorious weather to have tea in a garden with a marvellous view. The food was catered so everyone had a fantastic time.

Winter Hanging Baskets was the topic for September's meeting at All Saints & District. David Lucas planted up a couple of different baskets. He gave lots of tips and tricks and all came away feeling very enthusiastic. Here's to some amazing winter colour!

The next meeting will be held on Tuesday, 13th October at 2.30 in All Saints Village Hall. Fairgrounds in Wartime by Kay Townsend will be the topic. Visitors and new members welcome.

COLYFORD

THE September meeting of Colyford WI commenced with the President introducing E K Bowley to the 38 members and four visitors for an illustrated talk on his trips to Tibet.

After a break the meeting heard a report from the President of the successful birthday meeting and outing for coffee at the Honey Farm in July, and Cream tea in August.

Names were taken for a forthcoming lunch at Beer Head Bistro and a trip to the WI Autumn Council meeting in Plymouth.

Members were reminded of the need for cakes for the village Goose Fayre.

Prospective members should contact Liz Thomas (551335).

HONITON AFTERNOON

AT their meeting on 14th September the ladies enjoyed an illustrated talk on wild flowers of the Sierra Nevada by member, Susan Horswood.

The next meeting will be held on 14th October when Imogen Middleton will talk about The Dame Hannah Rogers Trust.

SEATON

SEATON WI's September meeting opened with the singing of Jerusalem, with piano by Mary Fone.

President Denise England thanked Secretary Margaret Nicholas for organising a trip to Minehead on the West Somerset Railway.

Arrangements were finalised for members attending the Autumn Council Meeting in Plymouth on 14th October and names were collected for the Group Meeting in Beer on 22nd October.

The results of the Flower of the Month competition were: 1st Christine Palacio, 2nd Denise England and 3rd Zelma Lindsay-Smith. The general competition results were: 1st Jan Ford and 2nd Christine Palacio.

Members were served a cream tea to celebrate the Centenary of the WI which had 40 branches by 1916 and now has 6,600 across Great Britain.

This was followed by a talk from Maurice Ayling on the work of the charity 'Devon Freewheelers'. The organisation depends entirely on fund raising and support by local business. The motorcyclists have to be up to the standard of police riders and some of them have been trained as first responders. They provide a week day out of hours service and weekend service supporting the NHS in delivering essential blood, medication and donor breast milk.

The next meeting will be held on 20th October, 2.15pm at Seaton Methodist Church Small Hall. New members are very welcome to attend.

Honiton U3A welcomes Friends of Buburi, Kenya

AT the first meeting of their autumn programme Honiton U3A welcomed two speakers from The Friends of Buburi – Trustee Noreen Collins and Volunteer Gwenllian Riall.

Noreen began by giving a brief history of this Kenyan health centre, begun in 2003 when land was donated by a local Kenyan to build a clinic for this poverty stricken area. The work was undertaken by a team of volunteers including the Friends of Buburi founder Jo Hanks. Unfortunately it did not get off to a good start, as the building was completed but due to the lack of funds for staff and equipment it was not opened.

In 2005 Jo returned again to Buburi and with support from health organisations on the Isle of Wight she took more than 200kg of vital supplies and equipment to enable the health centre to start seeing patients. In 2007, through

fundraising and sponsorship, Jo was able to commit to funding a nurse's salary.

Later Jo was joined by two fellow nurses inspired by her plans and as trustees in the UK and with a nursing team in Kenya, Friends of Buburi was formed and gained charity status in 2010.

Gwenllian then explained that as a volunteer and midwife she was made aware of the lack of ante natal facilities in this area with many women giving birth on their own in unhygienic conditions. She came up with the idea of a 'Birth Bag' – a cotton bag containing essential equipment such as disposable gloves, soap, a plastic sheet to lie on, cord clamp and blade, cotton nappies, blanket and warm clothes for the baby. To encourage pregnant mums to come to the clinic for the essential ante natal care these bags are given to them on their fourth visit. These

U3A members take a closer look at the 'Baby Bag'

bags make an ideal 'Donation Gift' for those wishing to give support.

With their strong team of UK Trustees who work closely with the Kenyan Ministry of Health and the Buburi Community Committee the clinic has gone from strength to strength. This year a new extension has been added which is a dedicated unit for mothers and child health and helps to continue the improvement to the health care services available to this poor community.

On behalf of the Honiton U3A, the chairman Susanne Jones thanked Noreen and Gwenllian for this fascinating insight into the work and dedication of The Friends of Buburi Health Centre both in the UK and in Kenya.

Monmouth Rebellion talk at Phoenix Club

PHOENIX Club members heard facts, myths and legends when John Alan spoke on the Monmouth Rebellion.

Charles II died in 1685 and was succeeded by his brother James II, a Roman Catholic.

James Scott, Duke of Monmouth, the illegitimate son of Charles II, landed in Lyme Regis in June 1685 from his exile in Holland to try to overthrow James II. He planned to recruit local troops and march

to London but was finally overcome by royalist troops at Sedgemoor in Somerset in July. Monmouth fled but was captured and executed. The rebels were tried during the Bloody Assizes led by Judge Jeffreys, 200 being executed and 800 transported. James II reigned until 1688. It was really interesting to learn of what went on in and around our town just over 300 years ago.

A letter of thanks has been

received from the Nepalese village for the money that members sent to help with the rebuilding after the earthquake in the village where our student Aita Kumari lives.

Members were asked to decide which of the three charities we would support this year. The vote will be held next month. The afternoon finished with a vote on the venue of our annual shopping trip. Bristol was the choice.

FOR one day every year our village steps back to medieval times and hundreds of people travel miles to come to see what we get up to. Like a scene out of Chaucer. The event will take place on Saturday 26th September at 2pm – 5.30pm.

There is archery, falconry, thatching and lace making. Medieval musicians entertain with traditional instruments and our merry band of humorous Mummings, perform their plays. There are stalls to entice, selling honey, apple pies, cakes, plants and gifts; a Tombola, Punch & Judy, the Greasy pole and Stocks and plenty more to entertain the children. A ram roast and cider press help to fill the tum and quench the thirst. A fine

revival of old England continuing a tradition that goes back to 1208.

The Fayre commences with a procession of costumed residents setting off from the green opposite Elmwood Care Home, turning right down past the village shop along Seaton Road and into the field alongside Springfield House.

Entrance is by programme, which includes free car parking. These can be purchased in advance from the Village Stores (£3) (under 14s are free) or on the day from our programme sellers along the route or at the entrances to the fayre.

The Colyford Goose Fayre was revived in 1980 under the leadership of Colin Pady and has been held every year since then on the Saturday closest to Michaelmas. The fayre has become a major feature in the local area and several thousand people attend every year. Any profits from the fayre are used for the village and some local organisations also benefit. From the outset it was decided that the aim of holding the fayre was not to make unwarranted profit but to hope to gain enough to stage another fayre in the following year, for the benefit of all the local people.

One extra feature this year is that we will have a copy of the Magna Carta on display at the Fayre in

its 800th Anniversary, as the founder of Colyford (Sir Thomas Bassett) in 1207 was one of the witnesses (and persuaders) at the signing of the Magna Carta at Runnymede in 1215 by King John. At this year's celebrations at Runnymede, one of the attractions was a jousting tournament between England, Scotland, Wales and Ireland. Guess who won? It was England, and the joust was a reincarnation of Sir Thomas Bassett from Colyford!

It's also that time of the year again when the Goose Fayre Committee ask residents of Colyford for your help. We are a small group and without the help of the wider community the Goose Fayre will not happen. **YOUR VILLAGE NEEDS YOU!** All offers of help are gratefully received so if you can spare an hour or two to help set up the site in the week leading up to the event, or you can bake a cake, make some apple pies, or help in our tea tent on the day. Does anyone have a gas barbecue that we could borrow for the day, to be used for cooking burgers & sausages? Please contact Gilly Girling on 01297 551589 or gillygirling@hotmail.com

Residential Camping Experience for Woodroffe Students

THE sun shone at Carey Camp in Wareham Forest for the whole year group of 164 Year 8 students from The Woodroffe School in Lyme Regis. This annual event is an important highlight in the school's extensive calendar of extra-curricular activities and is remembered fondly throughout the students' time at Woodroffe.

Activities include:

- Campcraft skills
- Cooking on a camping stove
- Shelter building and bivvying
- Rock climbing
- Orienteering, map and compass work
- Promoting self-reliance and self-confidence
- Developing team skills and initiative
- Strengthening relationships between students and staff

It was great to see them putting their all into the activities and making new friends at the same time. The beef stew cooking in the cauldron was a welcome site

on the camp fire and there was very little plate scraping needed afterwards!

Head of Year 8, Sharron Hutchings said, "We had a great time, the students behaved impeccably and I'm immensely proud of them all."

Thank you to the staff who gave up their time to help make the week such a success.

The Real You

Emotional Freedom Technique (EFT) or Tapping is based on the ancient healing form of acupuncture, but without using needles, just tapping with your fingers on certain points on your head, upper body and hands. Using this technique you can work through and remove the emotional and physical issues that are affecting your life; such as;

- Stress and its related problems (headaches, IBS, anxiety, insomnia, etc).
- Emotional and physical pains.
- Fears, phobias and PTSD.
- Weight- loss and addictions.
- Limiting beliefs you have controlling your life.
- It also works extremely well for children; their worries and behaviours.

As you tap on the points you are retraining your body to react differently to the issues, helping you to move on with your life and start to become the "Real You."

It's a very simple technique that can be learnt easily, for you to use whenever you need it, and then working with a practitioner allows you to work through issues that may be hidden or painful in a safe and supported way to free you from them.

For more information, or to book an appointment, please call Tracey Strawbridge on 07789113425 or email info@the-real-you.co.uk.

Traditional Acupuncture

Acupuncture can improve and maintain health and energy and enhance a sense of well-being

ACCORDING to traditional Chinese philosophy, our health is dependent on the body's motivating energy (qi) moving in a smooth and balanced way through a series of channels beneath the skin.

Acupuncture can affect the quality of qi, your body's vital energy, by the insertion of very fine needles into specific points along these channels. This stimulates the body's healing response and restores natural balance. Treatment is aimed at the root cause of your condition as well as your main symptoms. This approach helps with resolving your problem and enhancing your feeling of well-being. You may notice other niggling problems resolve as your main health complaint improves.

The type of conditions that I mostly see in my clinics include the following: arthritis, back pain and sciatica, poor circulation, low energy levels, hormonal/menopausal symptoms, pregnancy management, fertility problems, weight management, and addictions such as smoking. However, you don't have to be ill in the conventional sense to benefit from acupuncture, sometimes people come to see me because they are feeling low, unwell in themselves, or maybe not sleeping as well as they would like to.

Professional Acupuncturists spend at least 3 years training at degree level to become an Acupuncturist. We are then entitled to join the British Acupuncture Council and to use the letters Lic.Ac., B.Ac.C after our names. We also have public liability and professional indemnity insurance. Many of us have also studied at post-graduate level and are constantly updating our skills and experience.

So, why not give me a ring and see if I can help.

Rosen Method Bodywork

LINDA ROCK is a holistic therapist and Rosen Method Body Work Practitioner, and also a general and psychiatric nurse RGN RMN.

Linda's heart's desire, and her passion, is to get to the heart of the matter. To live an authentic and fulfilling life. It is this passion that she brings to her work, encouraging and supporting clients to be all that they are.

Rosen Method Practitioner Linda Rock uses a gentle 'listening' touch, words and presence to encourage and support the letting-go of deeply held muscle tension, which can be profoundly relaxing.

It is the release of tension, often emotional in nature, that frees the breath and brings awakening and awareness to our being.

"Having Rosen Method from Linda has changed my life. It's enabled me to overcome the remnants of post-natal depression... It's been like having counselling but easier and somehow quicker to get to the heart of the matter" - client testimony.

For more details call 07989 851606 or visit www.rosenmethod.co.uk.

The perfect antidote to stress

Light Therapy

DURING a treatment, an eye mask, containing diodes of red and blue light containing quantum and solfeggio frequencies, are placed over the eyes. This induces a very relaxed or meditative state

Other pads of Red and Infra Red light are placed on the body. The aim is to switch the nervous system from the active sympathetic to the restful parasympathetic state, allowing the self heal abilities of the body to be activated at a cellular level

Relaxation is important for health since stress is now recognised as one of the main contributing factors in many of the serious illnesses that are common to day.

If you have any of the following symptoms, you may be suffering from stress:

- Headaches or aching muscles
- Feeling anxious or overwhelmed
- Irritable or bad tempered
- Lethargy or lack of concentration
- Poor quality sleep
- Poor digestion
- Panic attacks

I offer treatments for adults and young people at The Axminster Health and Wellbeing Centre.

I am also an approved trainer for Light Therapy and offer training to therapists, body workers, counsellors, yoga and meditation teachers.

I look forward to meeting you at The Guildhall or you can contact me at karenhodder@btinternet.com

Roots To Health – Modern Herbal Medicine

ROOTS To Health is a local complementary consultancy, advice and prescription practice run by qualified medical herbalist Jayne Palmer.

Herbal medicine, or Phytotherapy, is a science in its own right, based on modern scientific research. It's the world's oldest and most widely-used form of medicine and uses plant extracts to treat common health complaints such as raised blood pressure, headaches, stress and indigestion.

Jayne has a BSc in Phytotherapy. She spent many years working in local health food stores as a herbal advisor, then decided to work within a conventional medical role as healthcare assistant at Honiton Surgery, in order to gain the benefits of both fields of medicine.

Last year, she decided to set up her own clinic,

Simply Naturals

PLANT DERIVED MINERALS

"The spark plugs of life"

We must all give our bodies the raw materials they need to maintain and renew themselves in order to enjoy healthy and disease free lives. Unfortunately, natural nutrients, so vital to our health, can be very challenging to find. Many years of intensive farming have severely depleted the life-giving minerals in the soil.

Dr Linus Pauling (the double Nobel Laureate) stated that "The root of all disease is directly related to a lack of minerals". Dr Gary Price-Todd said "The human body needs at least 60 minerals to maintain a disease and ailment free state", and "Vitamins are basically useless in the absence of minerals".

However, this doesn't mean any old minerals. It's "Plant-Derived Minerals" that our bodies crave and these are very difficult to obtain.

A UK owned and based company, has the answer with its ground-breaking, 100% natural drink containing 75 minerals. This is the world's first plant-derived mineral supplement which comes in a convenient, effervescent form. The raw ingredients were created 75 million years ago and are mined, extracted and purified to create the supplement.

These are not available in shops. For further information call 01460 78020.

IS THIS THE ULTIMATE HEALTH SECRET?

Mob: 07957862772

which she now offers at the Health and Wellbeing Centre in Axminster on Mondays and at the Chiropractic Health Centre in Honiton on Saturdays.

Jayne explains: "Herbs can be used to treat the body in many different ways and, combined properly, will work effectively as medication for a large range of diseases. We are all unique and will respond to herbs differently. As a herbalist, I'm trained in the same diagnostic skills as orthodox doctors and choose herbs specifically for each individual. I search for, and treat, the underlying cause of the problem, rather than just the symptom, to restore the body's balance and activate its own healing powers.

"I believe that conservation is vitally important and use organically-grown plants wherever possible. Similarly, I try and source locally-grown plants to treat local ailments and actively promote sustainable prescribing of herbal medicines."

Initial consultations with Jayne last 60 to 90 minutes, during which you will be given a treatment plan including tailor-made prescriptions. These could include tinctures, creams or lotions, ointments, oils and infusions.

ILMINSTER CARNIVAL 2015

FRIDAY 18TH SEPTEMBER 2015 - SATURDAY 3RD OCTOBER 2015

The streets of Ilminster will be an exciting blaze of colour as the Ilminster Carnival takes place, starting at 7.15pm, people will line the streets along the Carnival route. The processions of illuminated floats are part of an ancient tradition, which stretches back as far as the 1600's when many parts of Somerset commemorated the Gunpowder plot. Grand firework displays and street entertainment adds to the sense of fiesta and fun.

The floats can be huge, over 50 feet long and covered in hundreds of light bulbs. Dwarfing the streets, these magnificent edifices drawing awe and wonder from the crowds are the results of months of work by the Carnival Clubs. These spectacular events can be hard to describe and you really do need to see them to believe them!

The Proms Comes to Ottery St Mary

BACK IN 1895, could Sir Henry Wood have envisaged the phenomenal success of the newly instigated proms concerts and, in particular, the popular appeal of the Last Night of the Proms concert? Not everyone has the opportunity to go to the Royal Albert Hall to experience the atmosphere but for one night only, at 7.30pm on Saturday, October 3rd, The Institute in Ottery St Mary will be the setting for the Ottery Silver Band's own Last

Night of the Proms.

Musical Director Andrew Harris has long had an ambition to bring this popular form of music to Ottery and has carefully chosen an exciting programme of music which will both reflect the traditions of Last Night of the Proms and provide a memorable evening for the audience. Not only will the Silver Band be performing but Andrew has recruited local soprano Val Howels, an Associate of Trinity College London, to perform several solos accompanied by Lynden Webb, Musical Director of the popular Sid Valley Singers.

Favourites being performed by the Silver Band include traditional numbers such as a selection of Frank Sinatra songs, the ever-popular 'Light Cavalry Overture' and also, to bring things right up-to-date, 'Happy'. Soprano Cornet player, Malcolm Lee, will be performing the evocative 'Demelza'.

In keeping with Last Night tradition, audience participation - singing, clapping and flag-waving - will be strongly encouraged! The grand finale, led by Val Howels, will

be a great opportunity for everyone to come together and sing along to 'Land of Hope and Glory', 'Rule Britannia' and 'Jerusalem'.

Silver Band trombonist Ivor Bull commented that, "This concert promises to be a grand event where everyone can join in, wave their flags and be part of The Proms at the Institute".

Tickets are £6 (under 16s are free) and will include a programme, flag and light refreshments. They can be purchased from Ottery Tourist Information Centre (01404 813964) or the Ottery branch of Gilbert Stephens Solicitors (01404 812228). Any unsold tickets will also be available on the door.

Five Star Swing in Sidmouth

AS PART of their national Poppy Appeal tour starting at London's Leicester Square Theatre, Five Star Swing are returning to Manor Pavilion, Sidmouth on Sunday, October 11th with "The Big Band".

An evening of Vintage Swing, featuring classic songs from Frank Sinatra, Ella Fitzgerald, Glenn Miller and many more, performed by

the famous Five Star Swing multi-instrumentalists and singers. As seen on BBC TV "Children in Need" and Dame Vera Lynn's Charity Ball, the show is led by bandleader Chris Smith Jr, composer and arranger for the BBC Radio Big Band and a former composer for Herb Miller Big Band - (Glenn Miller's brother). Along with Tony Bennett's trombonists also featured is vocalist and

saxophonist Simone, who was taught to play alto saxophone in the 1970s by the famous bandleader Ivy Benson, whom she subsequently performed with. Simone has recorded with Paul Weller, the

Paul Merton TV Show and the Russell Harty show. The band's local Drummer player, David Waller says - "Fans have enjoyed this "feel-good" style of music for generations - following our extensive UK tour I'm excited to be bringing the sound of our big band brass, saxes, rhythm and vocalists back home!". Tickets £14, £13(conc') available from the box office, call 01395 514413

New look foyer at the David Hall

AS THE David Hall performing arts centre in South Petherton opens its doors for the start of the autumn programme, visitors are being greeted by a striking new look in the foyer and bar.

During August, a team of volunteers and several Board Members of Petherton Arts Trust (PAT), who own and run The David Hall, have completely refurbished these areas, which now reflect the venue's corporate colour of maroon plus apple green.

The work has involved not just repainting but also modernising the bar facilities, redesigning the information area in the foyer and renewing the lighting throughout. This means that The David Hall has a bright new entrance in time for its 30th Anniversary, next year.

"Once underway, the project developed its own exciting momentum as team volunteers shared and realised their ideas to enable the overall vision to take shape," explained Jan Novy, the Board Member who supervised and co-ordinated the work. "As a result, the bar and foyer now provide a fresh, cheerful and functional arts centre area which at the same time, celebrates the building's history within the community."

Honeycomb Get yours now!

THE end of the Summer - what Summer you may ask! - sees the beekeepers at Blackbury Honey Farm rounding off the beekeeping season.

The surplus honey has been fetched in and the honey room is a whirl of activity as the huge, shiny extractor spins out the liquid gold honey from the comb. Not all of it is spun out, however, as the honey connoisseur will be anxiously popping into the farm at this time of year to see if the cut comb is ready.

Cut comb is, literally, a piece of honeycomb, still sealed over with beeswax and the hexagonal cells beneath filled with pure, delicious honey. Go in there with your spoon and watch it ooze out, then taste the freshest, most natural honey you can get.

This premium, highly sought - after honeycomb is only available for a short time, so make haste to Blackbury Honey Farm this weekend and get yours now!

Strictly come flamenco

THE PASSION and power of flamenco comes to Ilminster Arts Centre this Saturday, September 26th - and you can join in!

An introductory workshop, led by skilled flamenco practitioner Aneta Skut, will give beginners the chance to try their hands (and feet!) at this fascinating and culturally rich dance form.

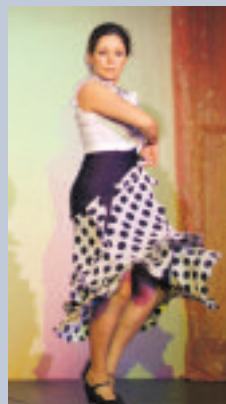

Participants will experience the flavour of the Spanish south, through listening to flamenco music, clapping the rhythm and dancing.

After an initial warm up, the workshop will focus on footwork and arm exercises, and flamenco technique before participants put their newly acquired dance skills into practice in a short choreographed piece.

No specialist equipment is needed but participants should wear clothing that allows a full range of movement. Ladies taking part in the workshop are advised to wear shoes with a slight heel (not slip-ons), while male participants should wear formal shoes (not trainers).

Come along, clap your hands, stamp your feet and ENJOY this exciting new workshop at the Arts Centre!

Flamenco for Beginners takes place at Ilminster Arts Centre this Saturday, September 26th from 10.30am-12.30pm. Tickets are £6, and advance booking is recommended. To book your place, telephone the box office on 01460 54973.

SPOTLIGHT

SPOTLIGHT ON MY SERVICE

Kim Beauchamp Foot Health Practitioner

I moved to Axminster in 2013 and already have a well established mobile foot care clinic, offering a consultation and treatment service for foot health problems. I visit patients in their own homes as well as nursing/residential homes, which provides a convenient and flexible service especially for those with less mobility. My initial visit includes a full medical history overview, foot health assessment, professional foot advice and treatment.

My aim is to provide my patients with a professional and friendly service ensuring that the highest standards of hygiene are maintained at all times. I work with each patient on a foot health treatment plan to achieve and maintain healthy and pain free feet.

Conditions where treatment and advice is available range from:

- Corns and calluses
- Fungal foot and nail infections
- Verrucae
- Cracked heels
- Ingrown toenails
- Ball of foot pain
- Diabetic foot care
- Footwear advice

Whether you require a one-off treatment or foot care attention on a regular basis I can be contacted on 07926 093053 or 01460 221806.

Renault reveals dynamically styled, high-tech new Mégane

THE dynamic-looking, high-quality, All-New Mégane – loaded with technology features from higher-segment cars – is Renault's star attraction at this year's IAA in Frankfurt. Alongside a range of highly-efficient petrol and diesel engines, it will be available from launch as a GT created in association with Renault Sport. A 'Hybrid Assist' diesel will be added in 2017. The new Mégane goes on sale in mainland Europe early next year with UK deliveries anticipated in the summer.

The new Mégane is based on Renault's Common Module Family (CMF) vehicle architecture, which makes it possible to offer high-tech features normally available only in cars from higher segments. A number are segment firsts, including a full colour head-up display, a 7-inch colour Thin Film Transistor (TFT) instrument display, a portrait-format 8.7-inch R-Link 2 touchscreen and 4Control four-wheel steering for the GT.

The six highly-efficient engines that will be available at launch have power outputs ranging from 90 to 205hp, with fuel consumption and CO2 emissions as low as 85.6mpg and 86g/km for the ENERGY dCi 110.

Dynamic styling with a distinctive lighting signature

The new Mégane's dynamic stance is founded on well-balanced proportions. It is 64mm longer (4,359mm) and 25mm lower (1,447mm) than the third-generation Mégane,

and has a 28mm longer wheelbase (2,669mm), which is greater than that of rival models. The front and rear track widths have been widened by 47mm and 39mm respectively to 1,591mm and 1,586mm, while the rear overhang has been shortened compared. Wheel sizes of up to 18 inches will be available.

At the front, Renault's corporate identity is evident in the large, upright diamond logo and broad grille. This is accentuated by daytime running lights incorporating LED technology to provide a distinctive C-shaped signature that extends down to the bumper. Higher-end versions

feature full-LED lighting modules for both dipped and main beams. This Pure Vision LED technology delivers a significant improvement in night-time vision compared with halogen lighting.

Thanks to its strongly sculpted shoulders, the new Mégane radiates the sensuality embedded in Renault design. Taut and precise lines along the lower part of the body and bonnet align towards the front to enhance the dynamic poise of the car. Chrome trim at the front and around the side windows, badges and door handles emphasises the quality of the new Mégane.

New dynamic design and enhanced capability

LAND Rover has further enhanced the visual appeal and capability of its latest premium, compact SUV with the launch of the Discovery Sport HSE Dynamic Lux at the 2015 Frankfurt Motor Show.

Striking design

The Discovery Sport HSE Dynamic Lux features a number of exterior enhancements, including Narvik Black exterior details, body-coloured mouldings and door claddings and 20" Gloss Black wheels. Combined with new interior colours and detailing, this new model creates a powerful and striking impression.

▲ Discovery Sport HSE Dynamic Lux

Chief Creative Officer said: "The Discovery Sport Dynamic has been created to heighten the design appeal of the Discovery Sport. Gloss black is a key accent colour differentiator on the exterior, while the use of body coloured bumpers and door claddings emphasises its on-road, sporty presence. With the launch of the Discovery Sport HSE Dynamic Lux, we are offering our customers greater choice in the look and feel of their vehicle."

All-terrain capability

The capability of the Discovery Sport is heightened by the introduction of All Terrain Progress Control (ATPC) for 2016. ATPC is an advanced system that enables drivers to set and maintain a steady speed in off-road conditions. Developed by Land Rover's industry-leading all-terrain specialists, ATPC functions similarly to a cruise control system, operational between 1mph and 19mph. The system adapts the vehicle's behaviour according to the terrain, allowing even novice users the control of an expert off-road driver.

ATPC also features a dedicated 'Launch' feature, allowing the vehicle to pull away smoothly and easily, even on problematic low-friction surfaces like ice, snow or wet grass.

Volkswagen offers affordable freedom with California and Caravelle finance

VOLKSWAGEN Commercial Vehicles is kicking off the launch of its new Caravelle and California models with the introduction of a number of outstanding finance deals. Available on models registered before 30 September, the new Volkswagen Commercial Vehicles Finance offers make it even easier to buy the benchmark models in the campervan and MPV markets.

New Caravelle: available from £399 a month

With space to carry up to seven people (including the driver) in comfort, the latest incarnation of the Caravelle range offers unrivalled space, versatility and style; it is currently available via a range of finance options including Solutions (Personal Contract Plan) starting from just £399 a month at 6% APR representative for the 2.0 TDI BMT SE 150PS model*. Launched with the latest Euro 6 compliant engines, the Caravelle has a host of new standard features including BlueMotion Technology, DAB+ digital radio, 5-inch touchscreen infotainment system, Bluetooth phone connectivity and USB connection. Standard equipment also includes Volkswagen's acclaimed Automatic Post-Collision Braking system, which automatically applies the brakes after a collision, reducing the risk or severity of a secondary impact.

From launch, the Caravelle engine range consists of two 2.0-litre TDI Euro 6 engines with outputs of 150 PS and 204 PS. Available in SE or Executive specification, the Caravelle benefits from BlueMotion Technology modifications, which include low rolling resistance tyres, battery regeneration and Stop/Start systems to reduce fuel consumption and emissions. As a result the new models are up to 20 per cent cleaner

and more efficient than the previous generation. For example, the 2.0-litre 150 PS Euro 6 DSG engine has a combined fuel consumption of 47.1 mpg with CO2 emissions of 155 g/km.

Tigers fight back falls short in Cup

Bragging rights for Fishermen – Unbeaten Millwey march on

WEDNESDAY, SEPTEMBER 16TH

AXMINSTER TOWN 1

EXETER UNIVERSITY 2

SW Peninsula Div One (E)

AXMINSTER Town's winning run came to an end in a tetchy match under the Tiger Way floodlights on Wednesday evening.

Referee James Uren failed to clamp down on some late tackles early on and this set the tone for a match full of petulance and littered with free-kicks.

The visiting students, full of youthful exuberance, had by far the better of the opening 20 minutes.

In the seventh minute a free-kick from Ben Wicherek struck the angle of cross bar and post.

Three minutes later Elliot Dyer was caught in possession and keeper Scott Wells-Burr did well to get down low to save.

Then Luke Barner was put clean through but curled his shot beyond the far post.

On the quarter hour striker Darren Ofoe latched onto a diagonal ball but Wells-Burr, at full stretch, saved well.

Then play switched to the other end and brought one of the main talking points of the match.

Tigers' Ben Turner, in typically combative action just inside the Uni area, appeared to stumble and foul an opponent. But referee Uren thought otherwise and pointed to the penalty spot – a decision that dumdounded both benches, players and most of the spectators!

Undeterred Alex Wheatley tucked away his third spot kick of the season and Ax unexpectedly had the lead.

Wells-Burr was called upon soon after – clawing away an angled drive that was destined for the top corner.

Ax's only other chance of the half saw Adam Cowling loop a header onto the roof of the net just before the interval.

The Tigers were much better after the turnaround. Turner was soon fouled 30-yards from goal and Dyer's free-kick shaved the crossbar.

Then Nathan Warren conjured up a superb crossfield pass that picked out Wheatley whose cross was headed just wide by Ben Vine.

But the Students equalized midway through the half when substitute Tony Pinder was disposed and striker Ben Mogg surged through to finish well with a low finish into the corner.

The Tigers squandered a great chance when Vine went through one-on-one but could only chip the ball tamely into the arms of the keeper.

A double substitution 15 minutes from time energized the Uni front line and this resulted in the winning goal in the 84th minute when a left wing cross found Dane Christoff Lund who slotted home at the far post.

On their second-half showing Ax, with Wells-Burr and Warren in fine form, will feel they were probably worth a point.

Tigers: S.Wells-Burr, M.Smale, E.Dyer, C.Duchenski, J.Hurford (capt) (B.Miller 69), C.Garrett, B.Turner, N.Warren, A.Wheatley, Uplowman Athletic, A.Wheatley, A.Cowling (T.Pinder 56), B.Vine.

League Cup – R1

AXMINSTER crashed out of the League Cup at the first hurdle against Appledore at Tiger Way. Improved league form saw teh Tigers in confident mood.

They welcomed Ben Clay to the side alongside recent signing Chris Duchenski. Pete Knox also returned to give added presence up front.

But an all too familiar sluggish starts saw the visitors take the lead after two minutes and add a second shortly after.

This gave the Tigers the proverbial mountain to climb. They did come back into the game after 20 minutes creating several good chances.

However, they left themselves short defensively and when a promising move broke down Appledore took full advantage and increased their lead.

However, a much improved second half saw Ax well on top for long spells and they one back midway through the half when Ben Turner finished well and added a second with 15 minutes to go through Pete Knox.

Appledore were still a threat though on the breakaway and Scott Wells-Burr pulled off a couple of great saves.

With around 10 minutes remaining defender Elliot Dyer was pushed forward in an attempt to get an equaliser and force extra time. But Appledore brokeaway to score a fourth goal and put the game out of reach.

Next up for the Tigers is tonight's (Tuesday) trip to Greenway Lane to face Budleigh Salterton (7.45pm). This is followed by Saturday's visit to Liverton (3pm)

Seaton Town 0 Beer Albion 2

D & E Premier

BEER Albion came out on top in the local derby at Seaton Town to gain their first points of the season and move off the foot of the Premier League table writes *Brian Adkin*.

Beer started much the better team, with several early goal opportunities, while Seaton failed to make any clear cut chances in the first-half.

Just before half time a goal-mouth melee ended with Seth Wakeley bundling the ball home to give Beer a deserved lead.

Seaton dominated possession at teh start of the second-half but they were unable to fashion an equaliser.

Then with ten minutes to go Wakeley crossed for MoM Richard Walker to head home and seal a well deserved 2-0 win for the Fishermen.

Beer host Newtown at The Furzebrake this Saturday, the match is sponsored by *Marine House at Beer, Arts & Pottery*.

Beer Albion Res 3 Feniton Res 2

Division Five

BEER Albion Reserves had an excellent 3-2 win against Feniton Reserves at the Furzebrake on Saturday writes *Peter White*.

Beer started well and were soon 1-0 ahead courtesy of an 18

yard strike by Nathan Newberry. But the lead was short lived as Feniton soon equalised from a free kick, and then went 2-1 in front with ten minutes of the first half remaining.

Beer equalised with 15 minutes to go when Simon Smith slotted under the Fenny keeper.

Todd Lewington netted the winner for the hosts with half volley that flew in off the post.

Stoke Hill 0 Millwey Rise 4

Division Six

MILLWEY Rise maintained their 100 per cent start to the season in Division Six with a useful win on the road on Saturday.

In a first half of few chances Millwey hit the woodwork twice and the home keeper made some good saves.

After the break it took Rise 15 minutes to break the deadlock when a surging run and cross from Michael Knight found Mark Pike who made no mistake.

Shane Featherstone claimed a second goal for Rise 10 minutes later and Levi Hoole added two more before the end to bring his season's tally to 10.

Millwey Manager Simon Flint said: "We weren't at our best, but we're happy with the points".

Meanwhile, MILLWEY RISE RES had a very disappointing 8-1 home against Honiton Town 3rds. Their only goal coming from debutant Ashley Doble.

D&E ROUND-UP

CHARD with Sandra Sumpter

CHARD bowlers have been busy playing their final matches of the year with mixed results.

They won a friendly away at TAUNTON 74-68 and beat CHARMOUTH 59-38 at home.

In their last match in the Wessex League they were beaten convincingly 86-53 at GILLINGHAM. This meant that Gillingham took all the points available.

Their final game was a friendly at home against MORETON-IN-THE-MARSH. The weather took its toll on this match and the heavy rain meant the match was abandoned after 10 ends at which point Chard were losing 28-35. The green will now be closed until next year.

Some of the bowlers will transfer to playing short mat for the winter season and will be involved in the upcoming MILFORD & DORMOR MIXED TRIPLES LEAGUE which starts in October

AXMINSTER TOWN round-up
ON SATURDAY the Axminster Town U13 Tigers played their first home game against Dawlish United. The tigers went 3-0 up in the first 20 with two goals from Billy Knox (2) and Archie Clode.

However just before half time Dawlish pulled one back. The beginning of the second half saw the visitors score a second from the penalty spot. But Axminster scored further goals from Freddie Andrews, Billy Knox and a great final goal from Matt Young resulting in a 6-2 victory.

Meanwhile the Axminster Town U8s had two good games against Millwey on Saturday, winning 6-0 (Toby James 3, Owen Clifton 2, Matthew Reed 1) in the first game and 6-1 (Ruben Baulsh 2, Matthew Reed 2, Toby James 1, Finn Jenkins 1) in the second.

The lads are growing in confidence each week with a special mention to Lucas Mcgahey who is looking really strong at the back.

SEATON TOWN U10s came unstuck against a very well organised Ottery St Mary team on Saturday.

Despite only trailing 2-1 at the break, following a good team goal by Aaron Hale, they conceded four goals in the second half.

Their heads never dropped but on the day Ottery were well worth their win.

In trying to stem the tide, Thomas Brown and Daniel Byrne played really well.

Seaton were then involved in much more evenly matched game with West Hill. The game finished 1-1 with a fine goal from the hard working Leo Gribble.

The match featured another fine penalty save from Kieran Jaycock and a Man of the Morning performance from Max Nevell.

Lack of playing members hitting Chard hard

Chard 23 Newent 28
SW Division One
CHARD have now had three very tight games this season and could well have won all of them writes Glyn Hughes

Against league newcomers Newent on Saturday they were again guilty of a few moments of indecision as well as poor game management which would cost them dear.

Traffic problems meant that the home side had some pre-match reorganisation to sort out as well as having to play without the services of influential number eight Rob Burrell who has left the club. But they started well and after only three minutes back row forward Ryan Heller burst through several tackles to score a try which was converted by Humphries to put Chard seven points clear.

From the restart the Newent forwards immediately caught Chard on the back foot, and when Chard prop

Bartlett was sent to the bin for a technical infringement, they were made to pay minutes later when visiting flanker Phelps crossed for an unconverted try.

Chard increased their lead with a penalty goal after 15 minutes but this was cancelled out by a similar effort from the visitors.

A moment of indecision at the back after Newent had sent a long hopeful kick down field would lead to Newent's second try. Despite having plenty of time to clear the ball Chard ran from deep and were caught in possession and the resultant turnover ended with winger Matthews crossing for a converted try. Newent increased their lead with another penalty when Chard were guilty of once again not clearing their lines - basic errors were being punished.

They were spurred into action and the forwards drove Newent back towards their own line and player-coach

Simon Jenkins went over for a try. The conversion hit the upright but Chard reached half time trailing 15-18.

A successful penalty goal in the opening minutes of the second half brought the scores level but Newent would not lie down and scored a super try when full back Austin Garlic finished off a splendid move.

This converted try and another penalty goal put Newent clear by ten points.

Chard then needed a minimum of two scores to get back on terms. They spurned a few penalty attempts which would have brought them within seven points which would guarantee a losing bonus point, but more importantly would put them within a converted try of levelling things up.

With five minutes to go pressure from the home forwards resulted in Jenkins crossing for his fifth of the season and, despite the conversion again hitting the upright, there was

now a hint of panic in the visiting ranks as Chard were one score from victory.

They could well have won the game but when it really mattered Newent were clinical in the way they punished the odd Chard mistake and they deserved their win leaving Chard with a solitary losing bonus point for their efforts.

Next Saturday Chard make the short trip to WELLS.

CHARDS 2nd xv's difficult start to the season continued with this heavy defeat at Cary on Saturday, and with the clubs 3rd xv having to cancel their

game for the second week running, Chard have a real problem with the number of senior players available.

The Club urgently need to find a few people who will take on the running and management of the 3rd xv.

The club have run a regular 3rd xv for nearly 40 years and it is clear that a thriving 3rd xv, with a mixture of vets and younger players, also significantly influence the fortunes of teams above them.
